

## IBERUS INTERDOC COFUND PROGRAMME (MSCA-COFUND)

### Second Evaluation Phase Results and Final Scores of the Selection Process - 2<sup>nd</sup> call

The results of the second evaluation phase and the final scores of the selection process of the Iberus Interdoc Cofund programme (2<sup>nd</sup> call) have been published on 25 March 2026. This document is publicly available on the programme's website: [www.iberusinterdoc.com](http://www.iberusinterdoc.com).

The second and final evaluation phase—the interview—was assessed by the Transversal Committee at each recruiting university, based on the published evaluation criteria and thresholds.

The final score is calculated according to the following weighing of the scores: Phase 1 score at 60% and Phase 2 score at 40%.

Based on the final scores, Annex I lists the candidates selected for appointment at each university or research institute, as well as those on the waiting list (ordered by score). Annex II contains the candidates who were unsuccessful in the final evaluation phase, either because they did not meet the required interview thresholds or withdrew from the process.

Successful applicants will receive an official invitation by e-mail to join the Iberus Interdoc Programme and will have 14 calendar days to accept. Declining the offer or failure to receive acceptance within the timeframe will lead to contacting the next candidate on the reserve list, according to the final ranking

Candidates will have 14 working days since the current publication to start a redress process concluding on 16 April at 14:00 (CET). Appeals must be addressed to [iberusinterdoc@campusiberus.es](mailto:iberusinterdoc@campusiberus.es) using the template [Redress Template 2nd Call](#) available on the website.

Rosa María Bolea Bailo  
Presidenta del Consorcio Campus Iberus

**ANNEX I – LIST OF SELECTED CANDIDATES AND WAITING LIST BY SCORE**
**UNIVERSITY OF ZARAGOZA**
