

**IBERUS INTERDOC COFUND PROGRAMME
(MSCA-COFUND GRANT AGREEMENT No. 101178498)**

Final Scores of the Selection Process - 2nd call - Resolution on redress requests

Following the publication of the second evaluation phase and the final scores of the selection process of the Iberus Interdoc Cofund Doctoral programme (2nd call) on 25 March 2026, and within the period established for the submission of redress requests, having admitted for consideration those submitted in due time and form, it is hereby resolved:

1. To accept the redress request submitted by **Stefano Berrone**, following the identification of a clerical error in the published results. Consequently, the status "withdrawn" shall be replaced by the actual score obtained during the interview phase and consequent final score. This amendment entails an update to the **Candidates on the waiting list** (ranked by score) for the Public University of Navarre, which is attached as **Annex I** to this resolution.
2. To provide individual responses to the remaining redress requests received, as they do not affect the previously published results.

Zaragoza, 20 April 2026

Rosa María Bolea Bailo
Presidenta del Consorcio Campus Iberus

ANNEX I
PUBLIC UNIVERSITY OF NAVARRE
CANDIDATES ON THE WAITING LIST
